

The title of the book

How to change Your Name in a Game

The idea of a book

Melafdifi

Designer Book

Melafdifi

The author of the book

MaydoTrans

We will change the name in game

Euro Truck Simulator 2

You will need a program Cheat Engine 6.7

Download from its official site

Is Here

first step Open the game or Enter the game

Now we entered the game

And now We will go to the opening of the program Cheat Engine 6.7

You will press on ALT+TAB As in the picture

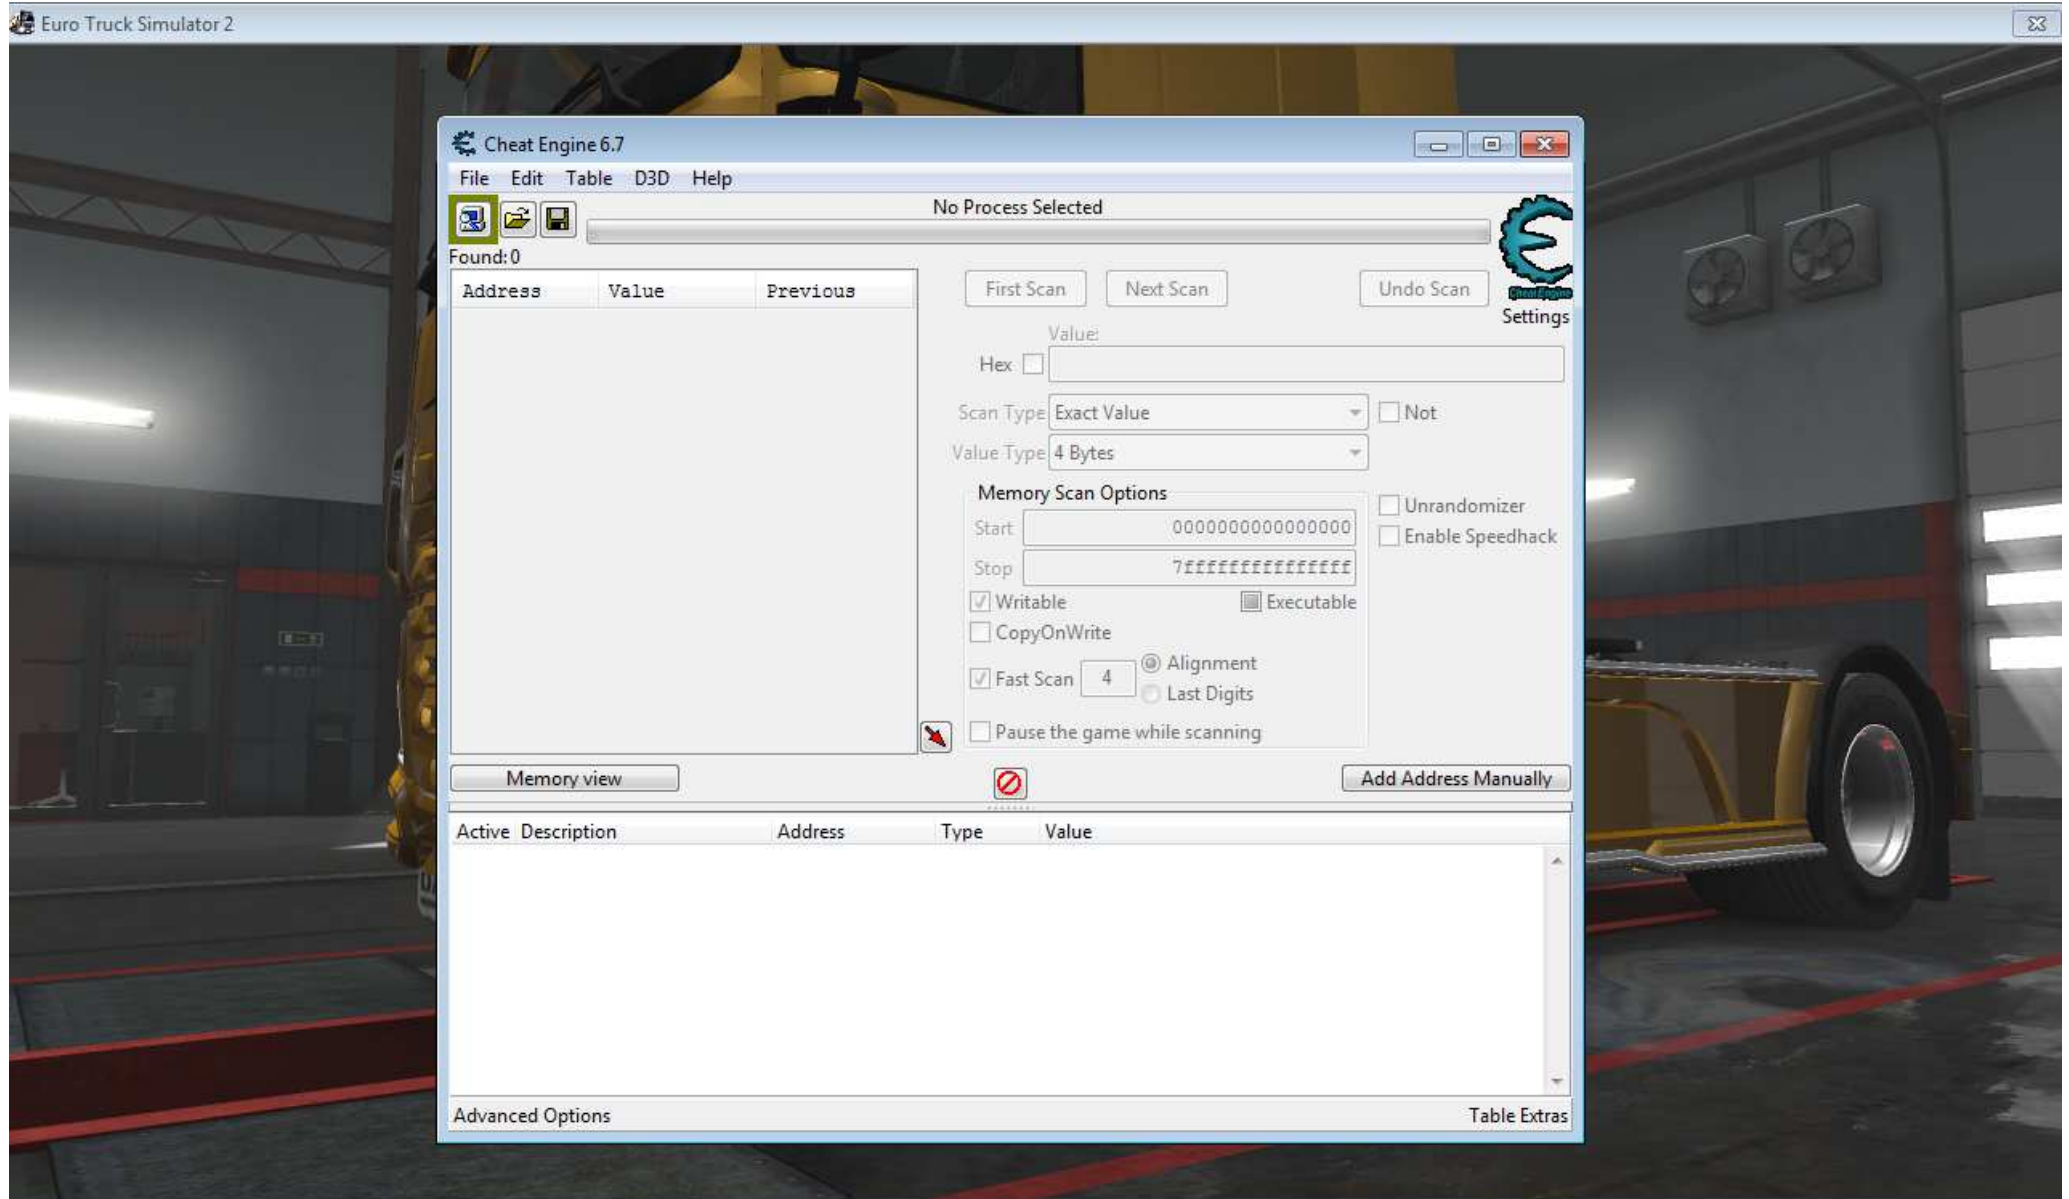

Step Two

Open a program

Cheat Engine 6.7

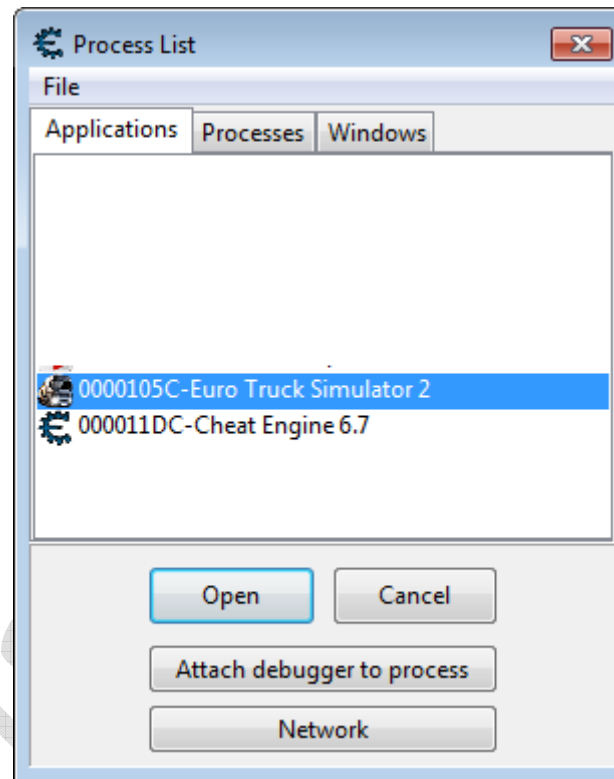

As in the picture

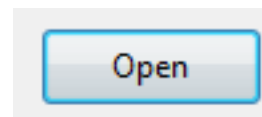

Click on the next icon

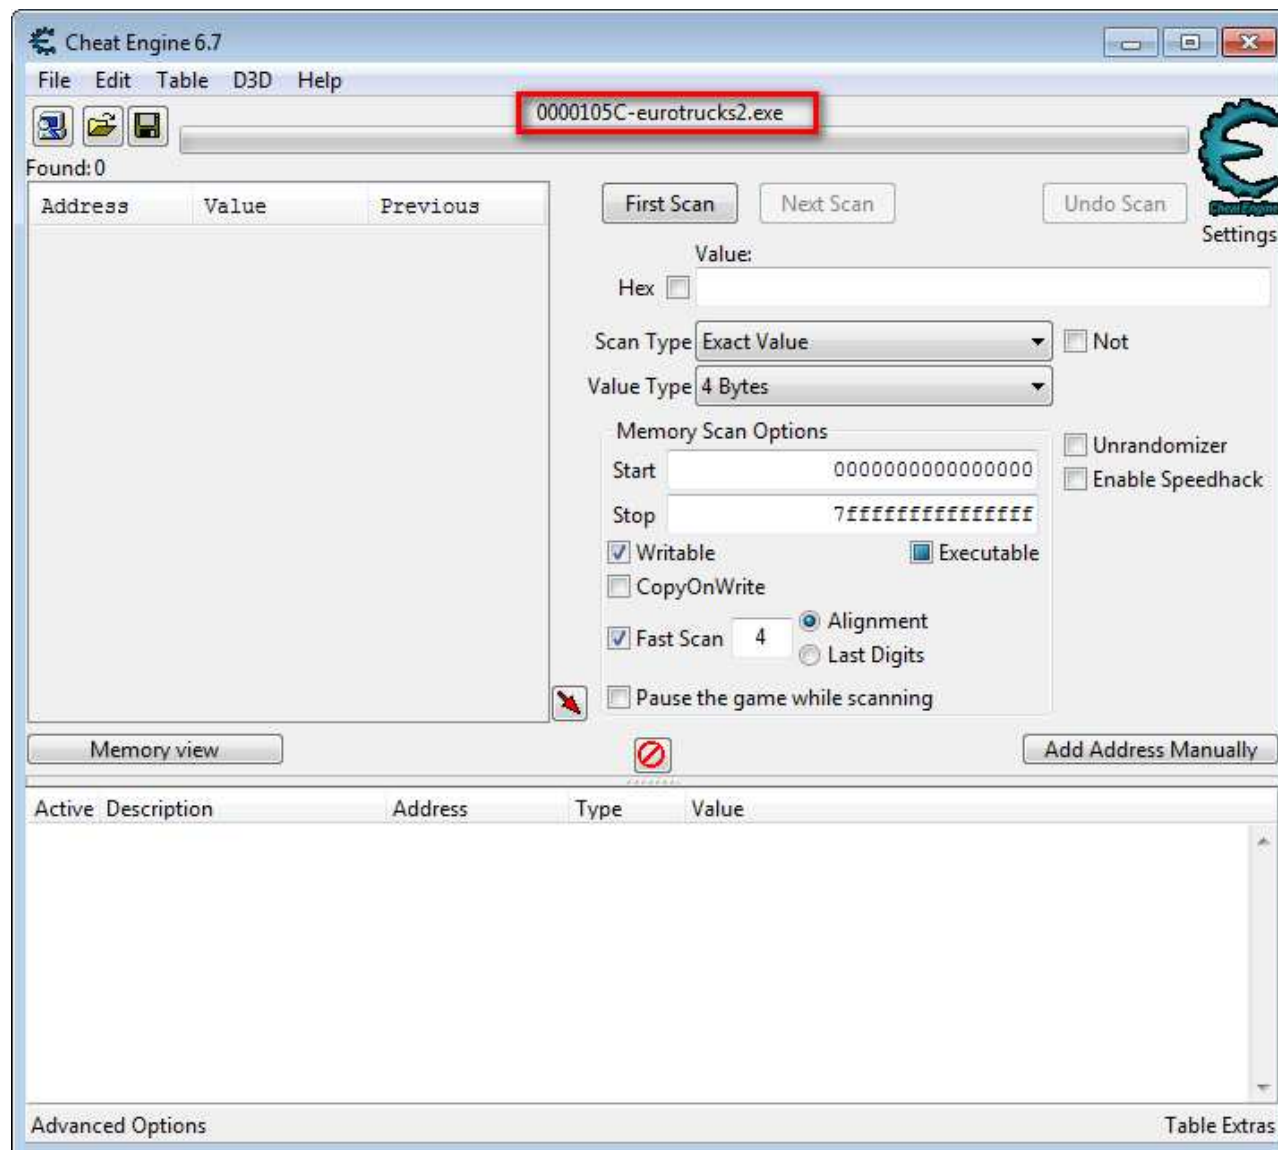

And then you make Select Game As in the picture

And then Click on Button

And then Game successfully entered Cheat Engine 6.7

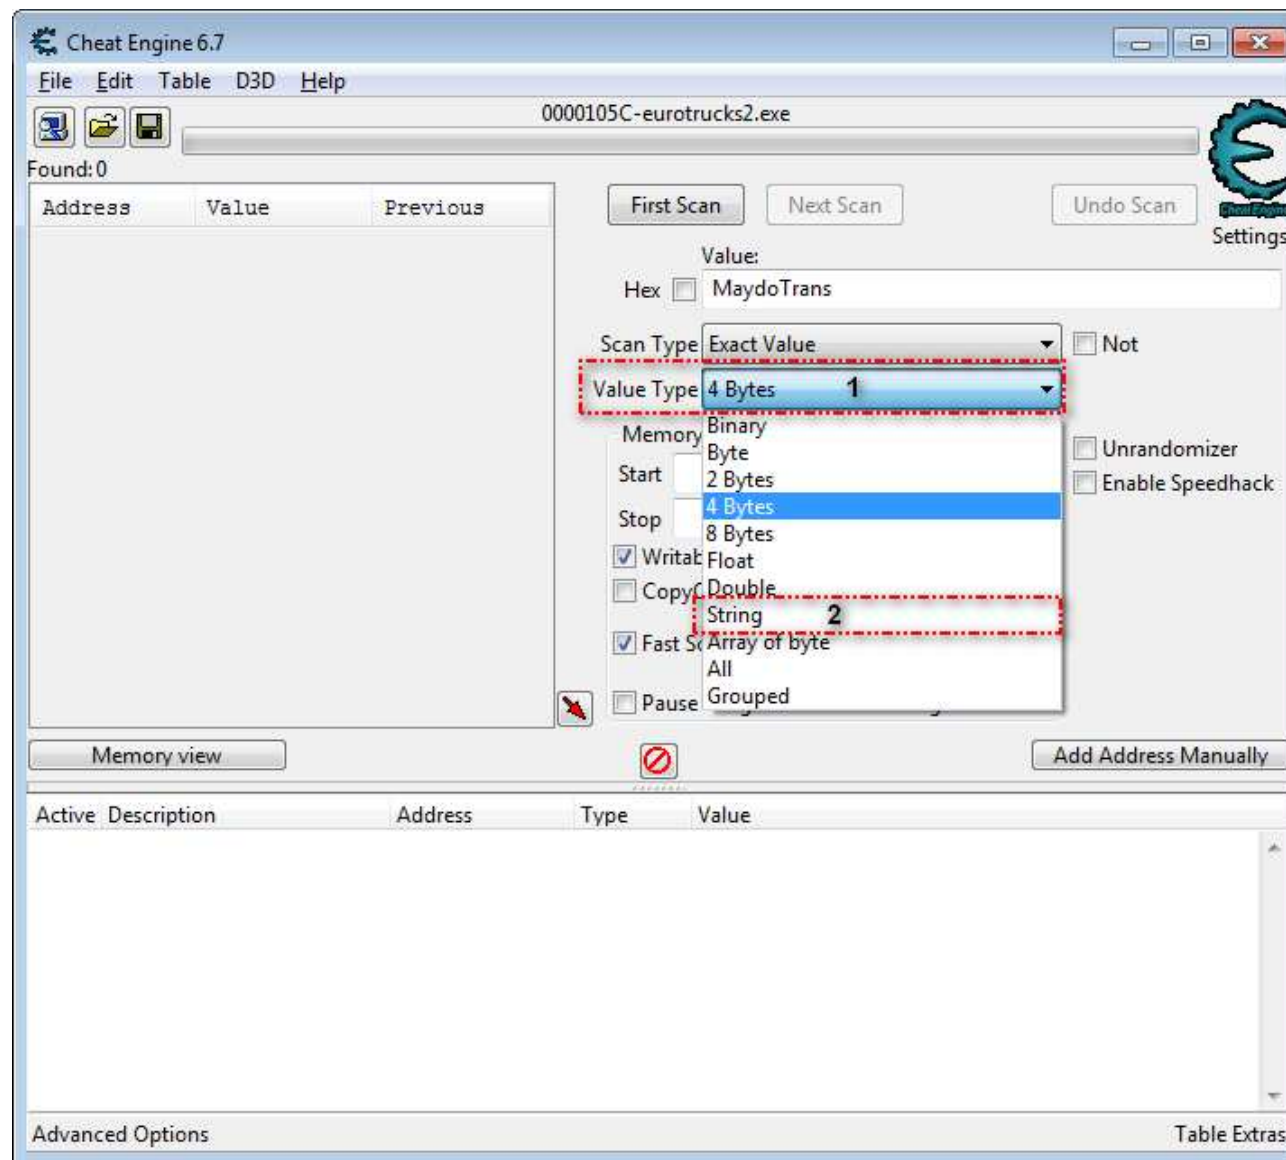

And then

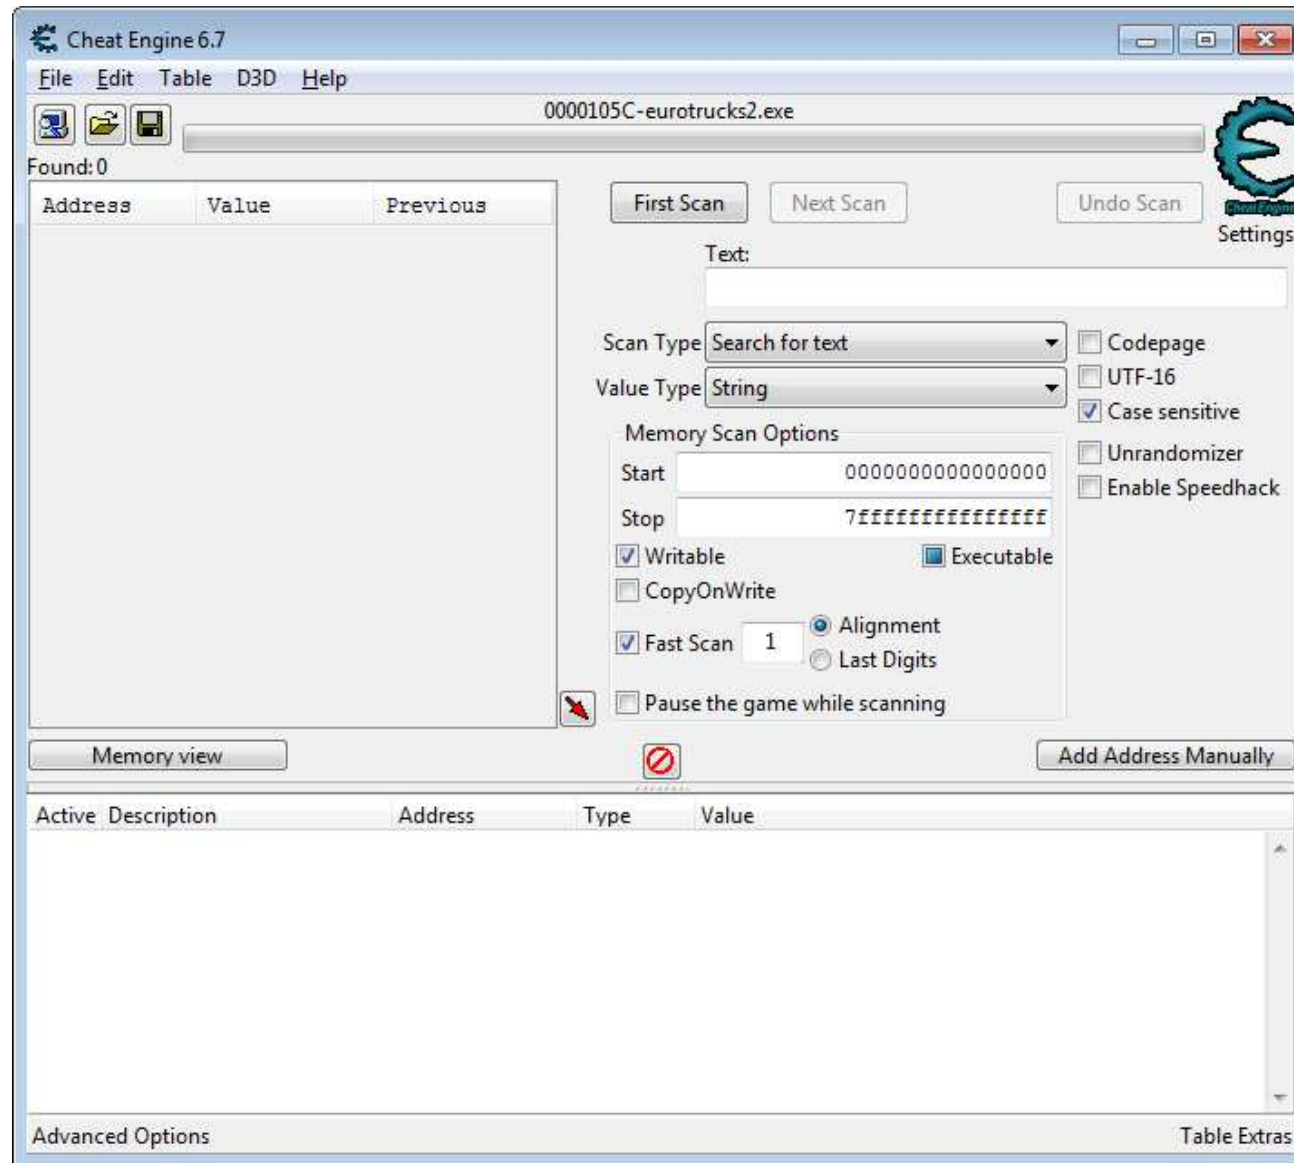

My name is MaydoTrans in Game

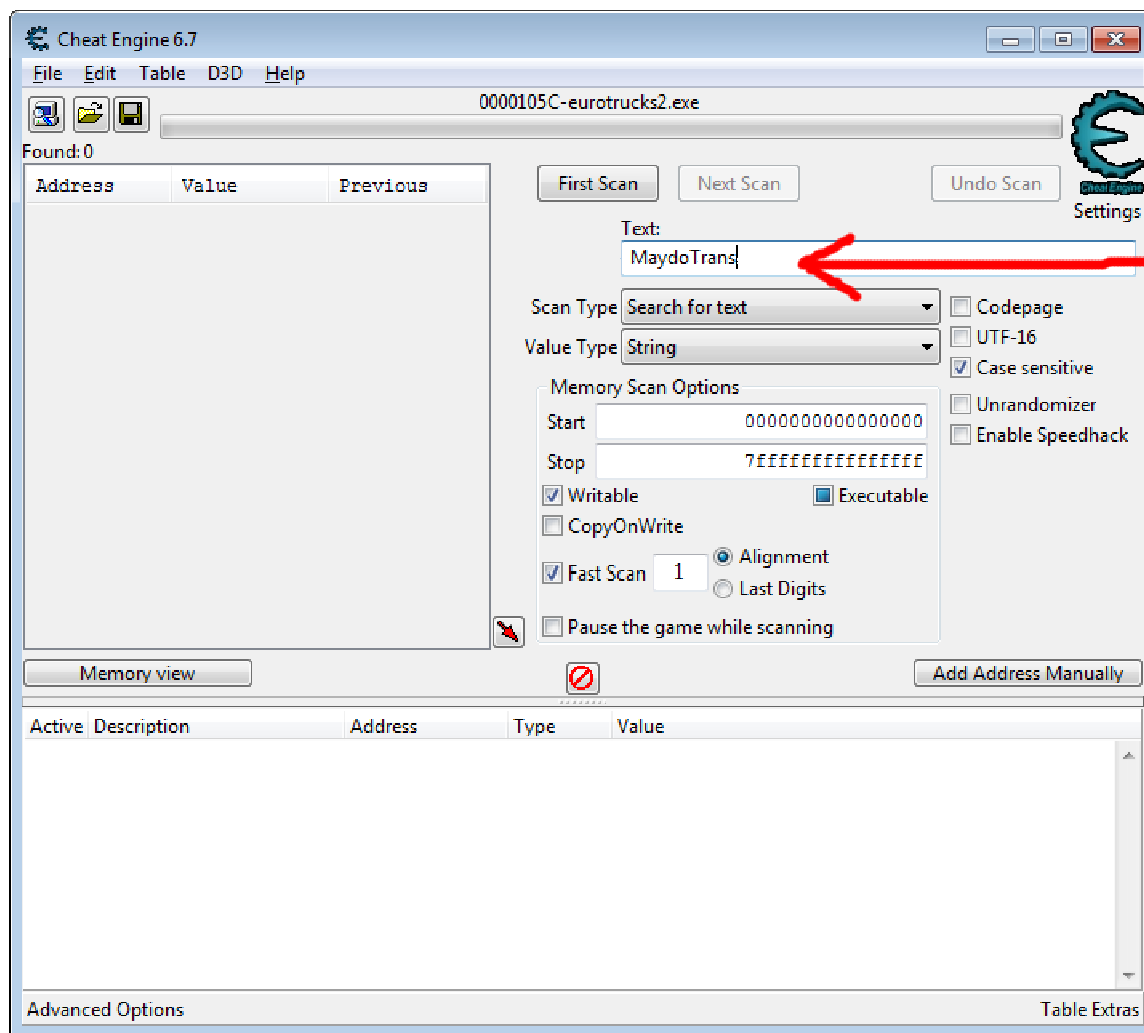

And Then you make change Value As in the picture

So

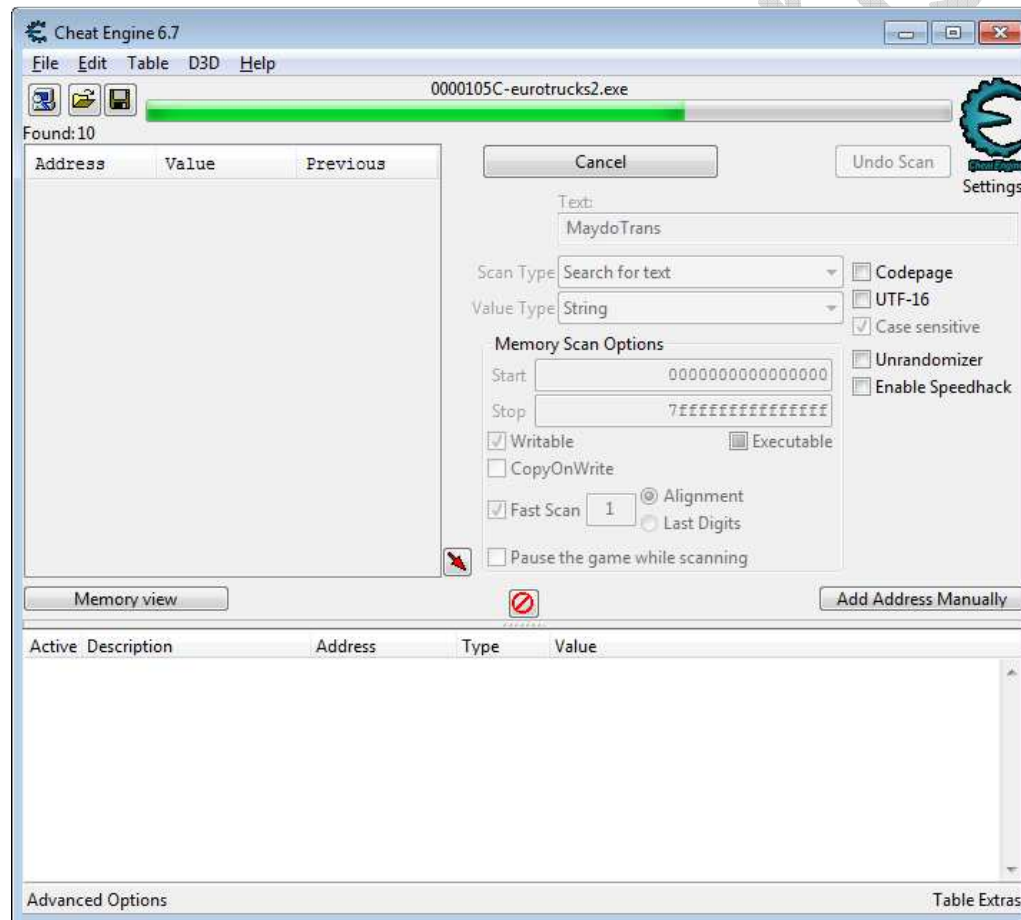

And Now In this box write your name in Game / as I did I wrote my name

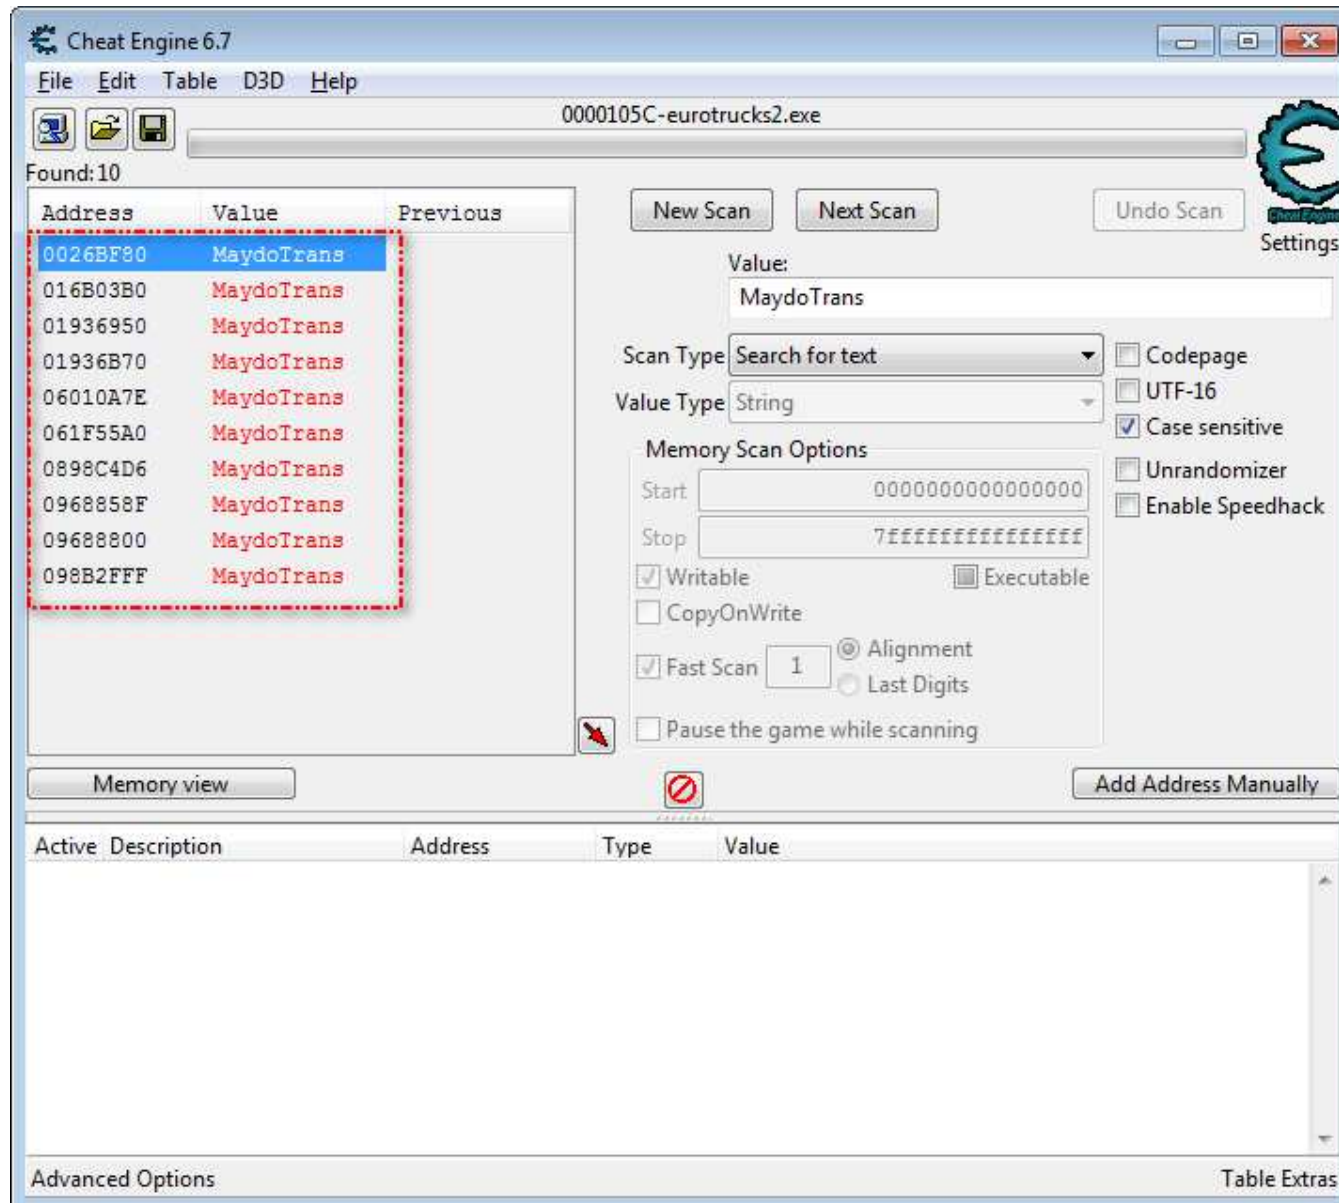

Will be Search

First Scan

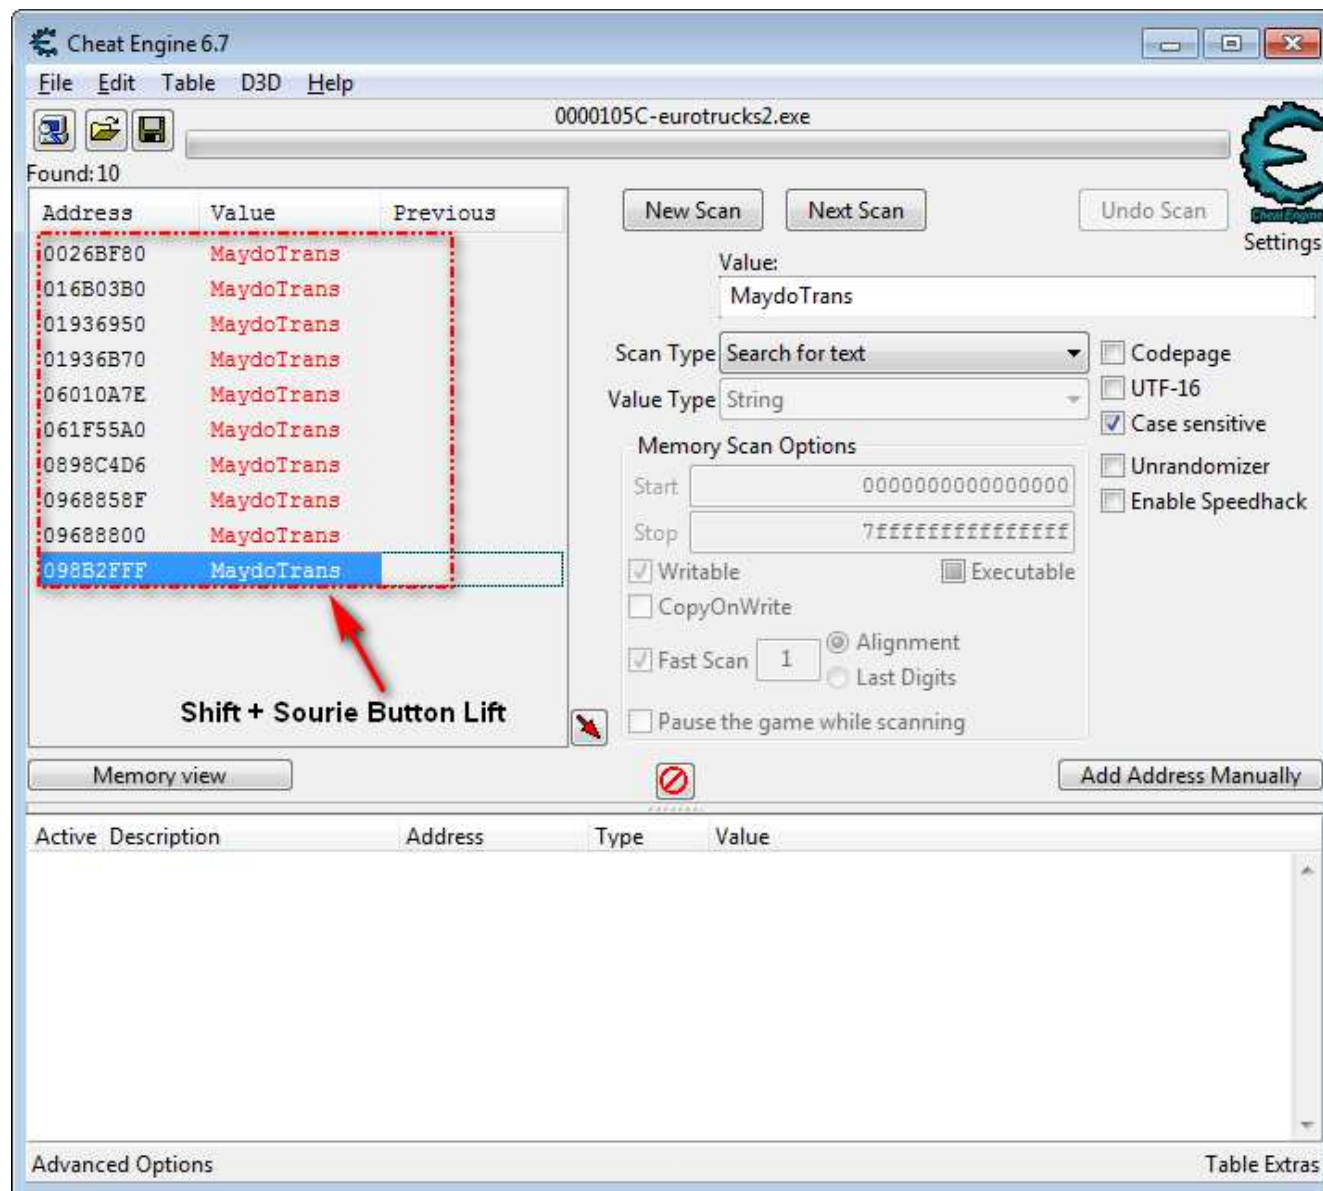

And then Waiting

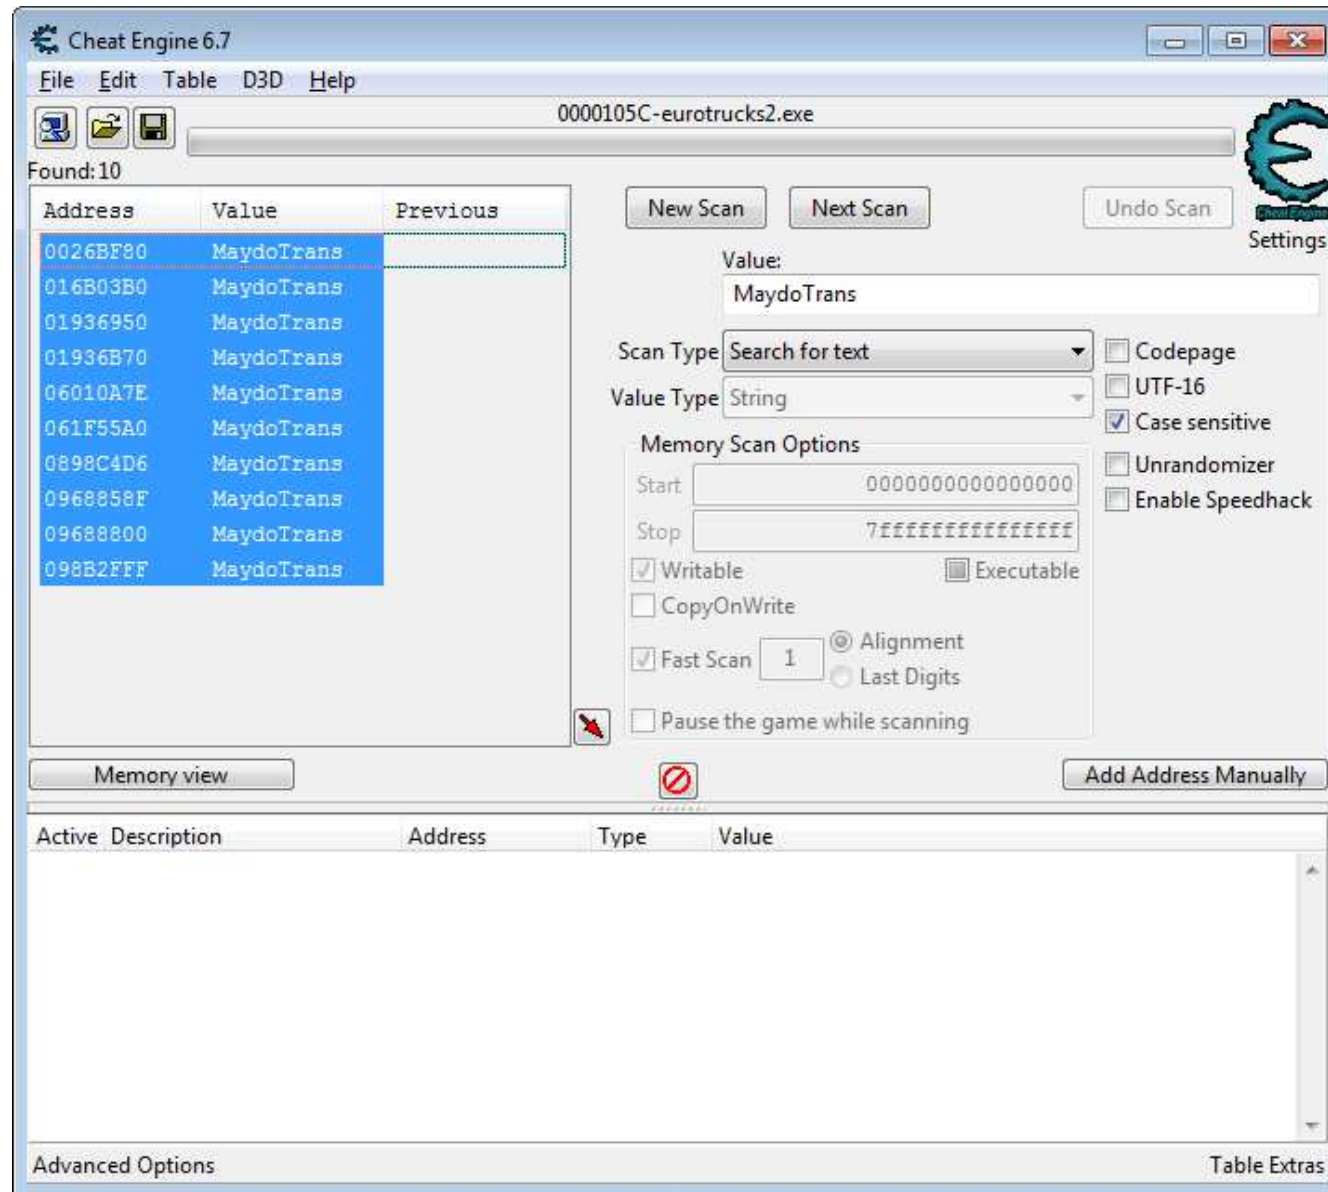

And then Waiting for results / These are results now

Click the Next button shift + button left or Ctrl + A

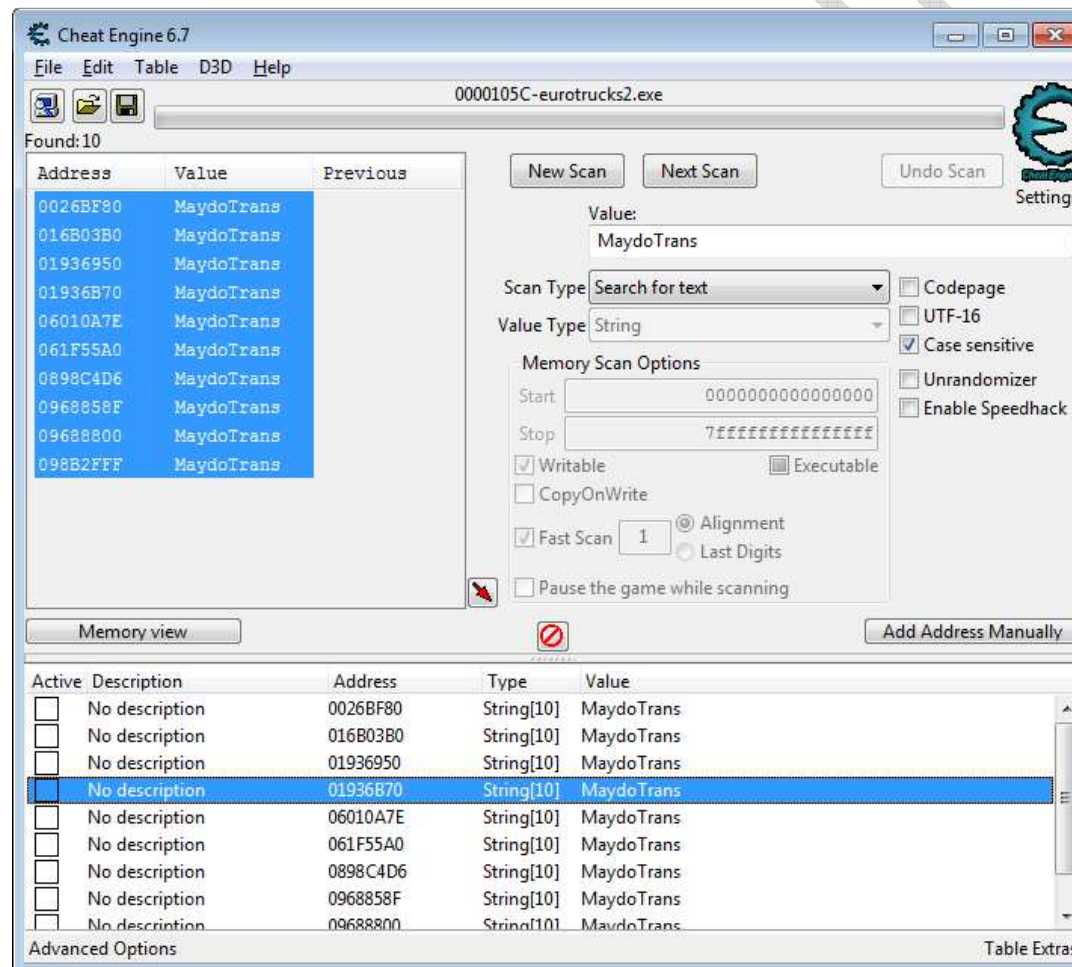

So as you can see

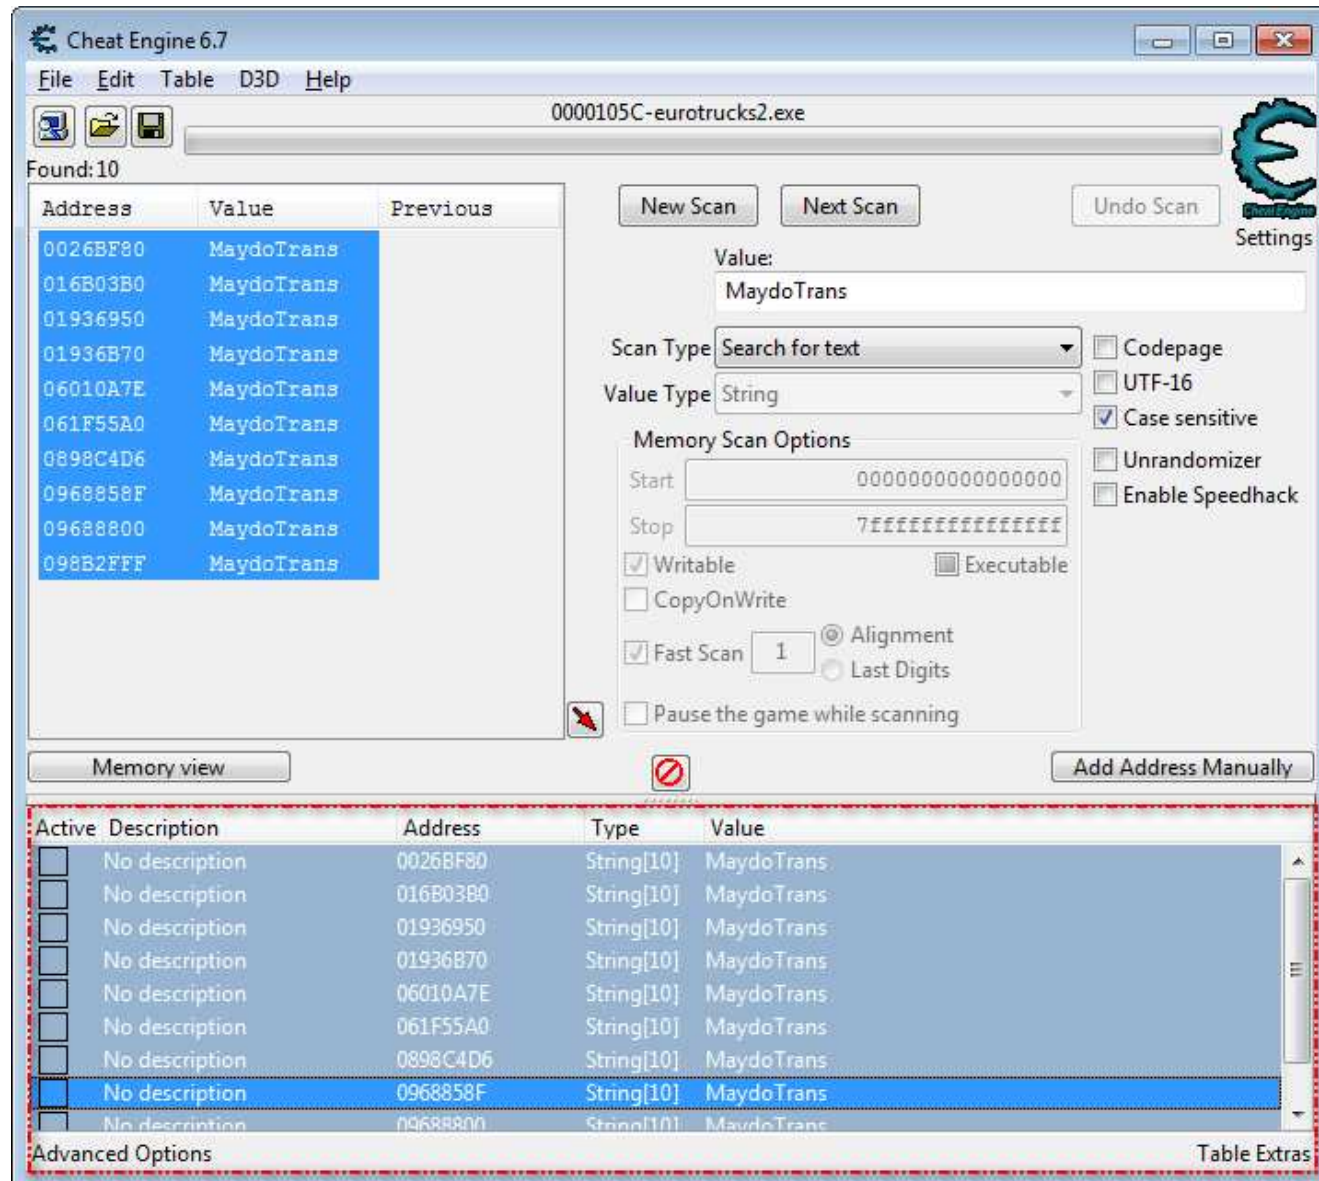

And then Click on the icon

And then Press one with the mouse

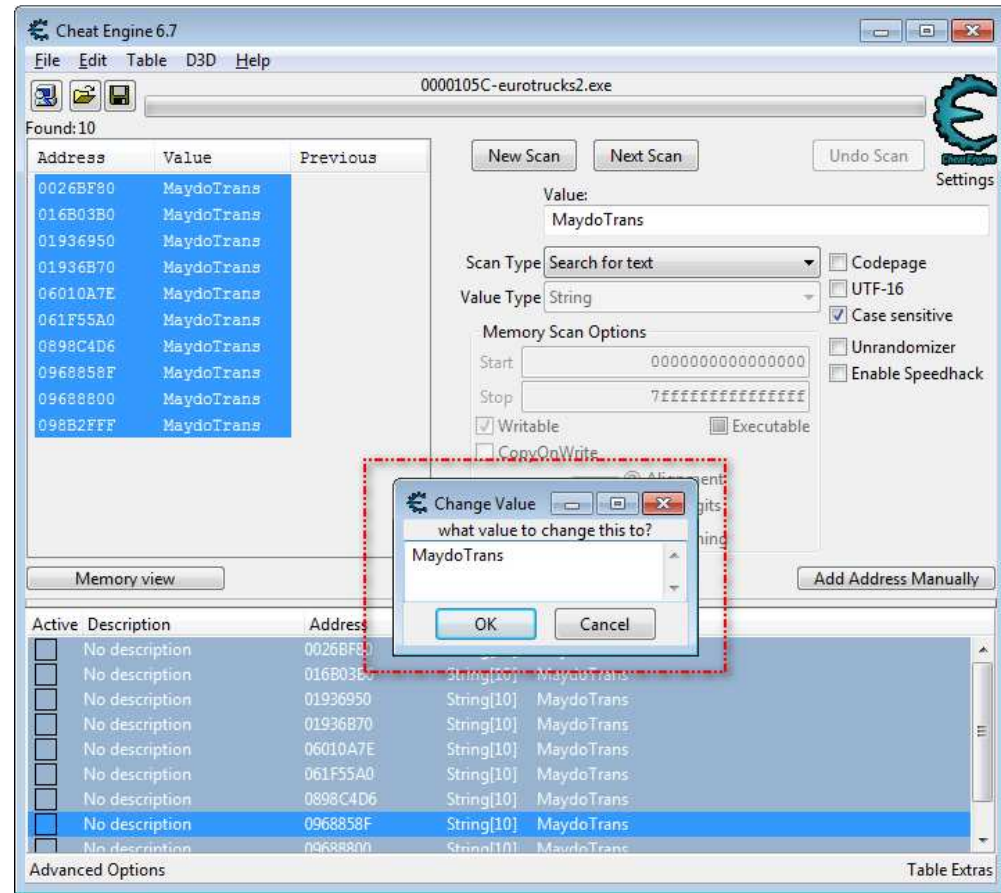

And then Click on CTRL + A

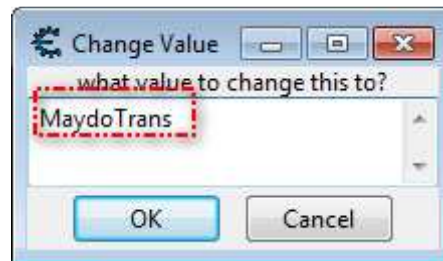

And finally step

And Then Click on Enter

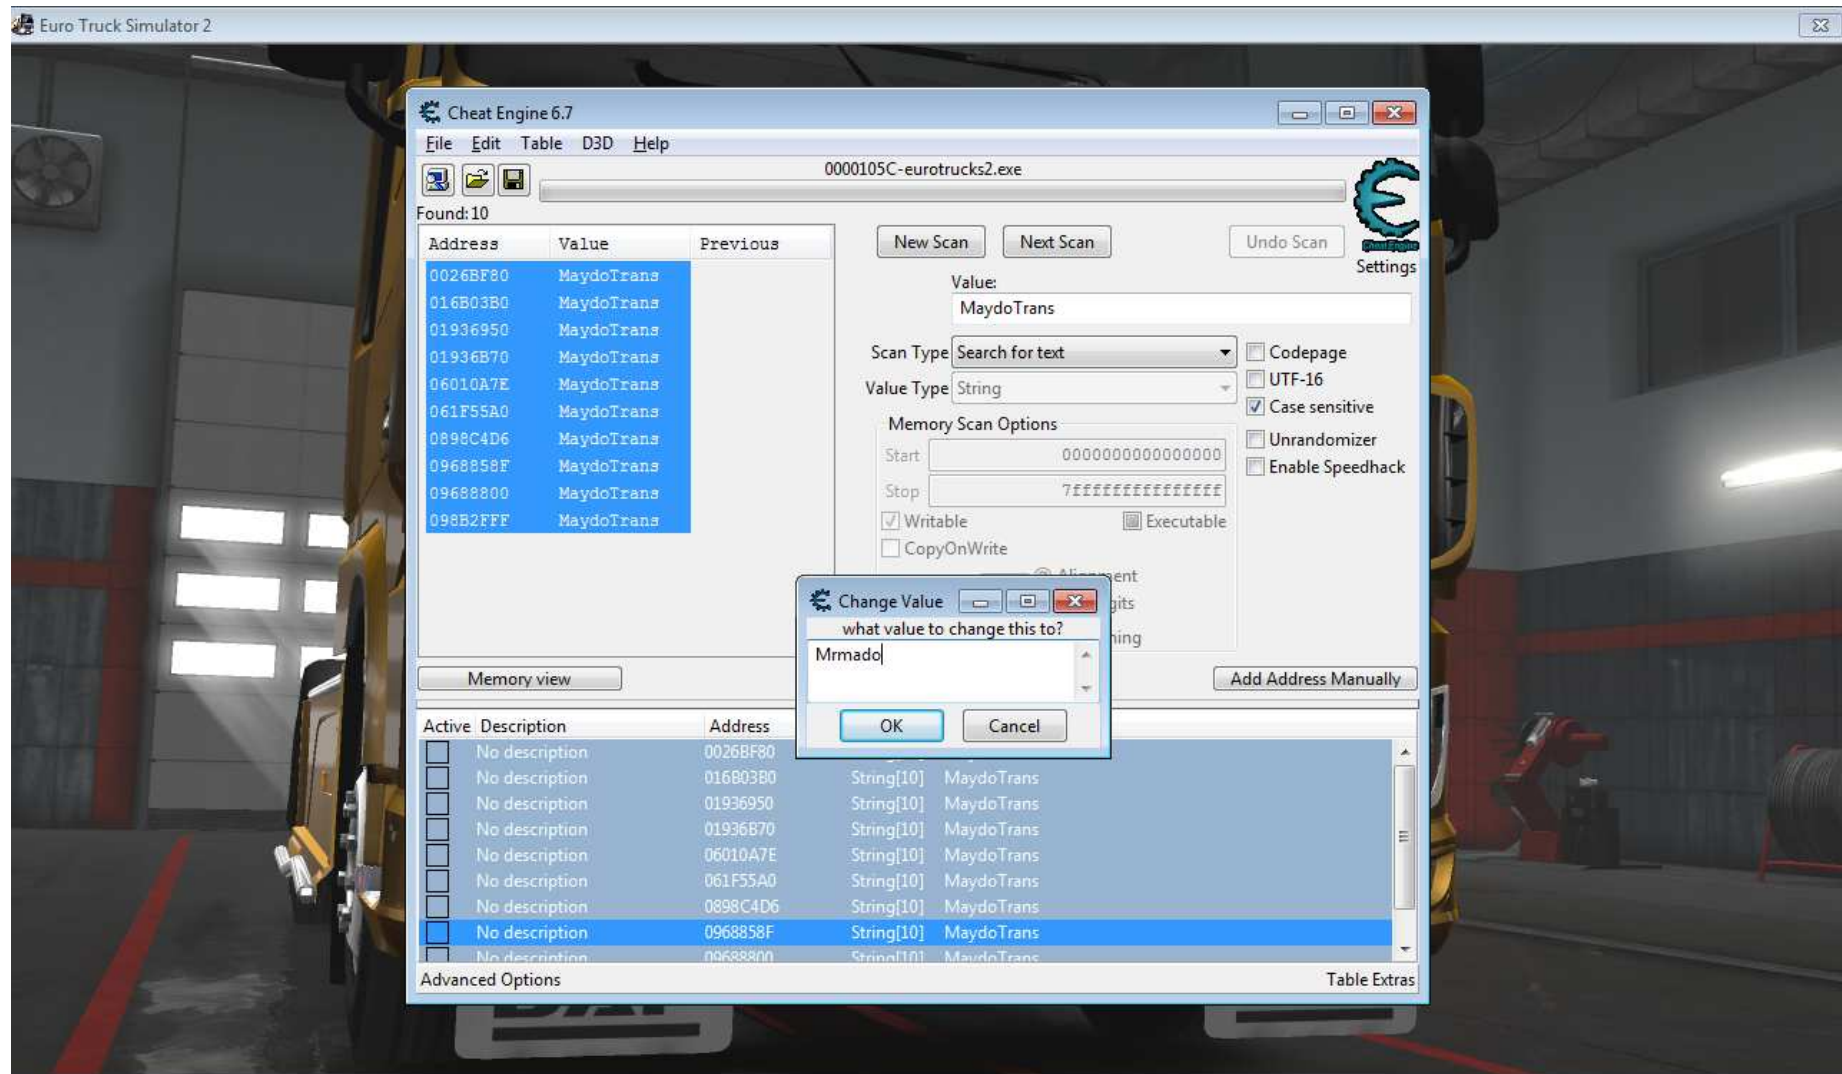

And then Write your name here

Or Write anything / I wrote Mrmado

And Then Click on Ok

OK

And Then Results appear 100/100
